## William S. Hart

A Thomas H. Ince production.

By C. Gardner Sullivan. Directed by Lambert Hillyer.

Imagine! "Bill" Hart, fresh from a lumber camp-landed plumb in in the tangles of a ladies' lingerie business.

Imagine the best buck dancer in the northwest woods doing one-steps in the proud old mansions of New Orleans.

Imagine William Hart as detective, lover, fighter-man all through! And that's only part of the fun and appeal in this big, smashing picture.

Little does the public know how hard we have been looking for some plan that would make it easy for you to save money.

At Banker's Convention there was always much talk of the saving prob-

"How is it possible to make it easier for people to save?" "How can we make it attractive for people with only \$1 or \$2 a week to put.

But now the whole problem is solved and the VICTORY ACCOUNT is the solution.

It is in strict accordance with every sound banking principle and with the conservative policies of this strong, safe institution.

Banking Department officials have given the plan their hearty approval. And best of all, it is possible for every man to take advantage of its opportunities.

If but one member of the family has an account the others benefit. It is a savings account plus many advantages that are combined in only in a Victory Account.

#### Here Is An Explanation Briefly Given!

You deposit about \$6.67 a month, as with a regular saving account, and this bank adds interest so that at the end of ten years you will have deposited \$920.40, but your balance will show \$1,000 to your
